Plenklippeareal, 504 m², som skal klippes med kantklipper 1 gang pr mnd, (primo mai, juni, juli og august)

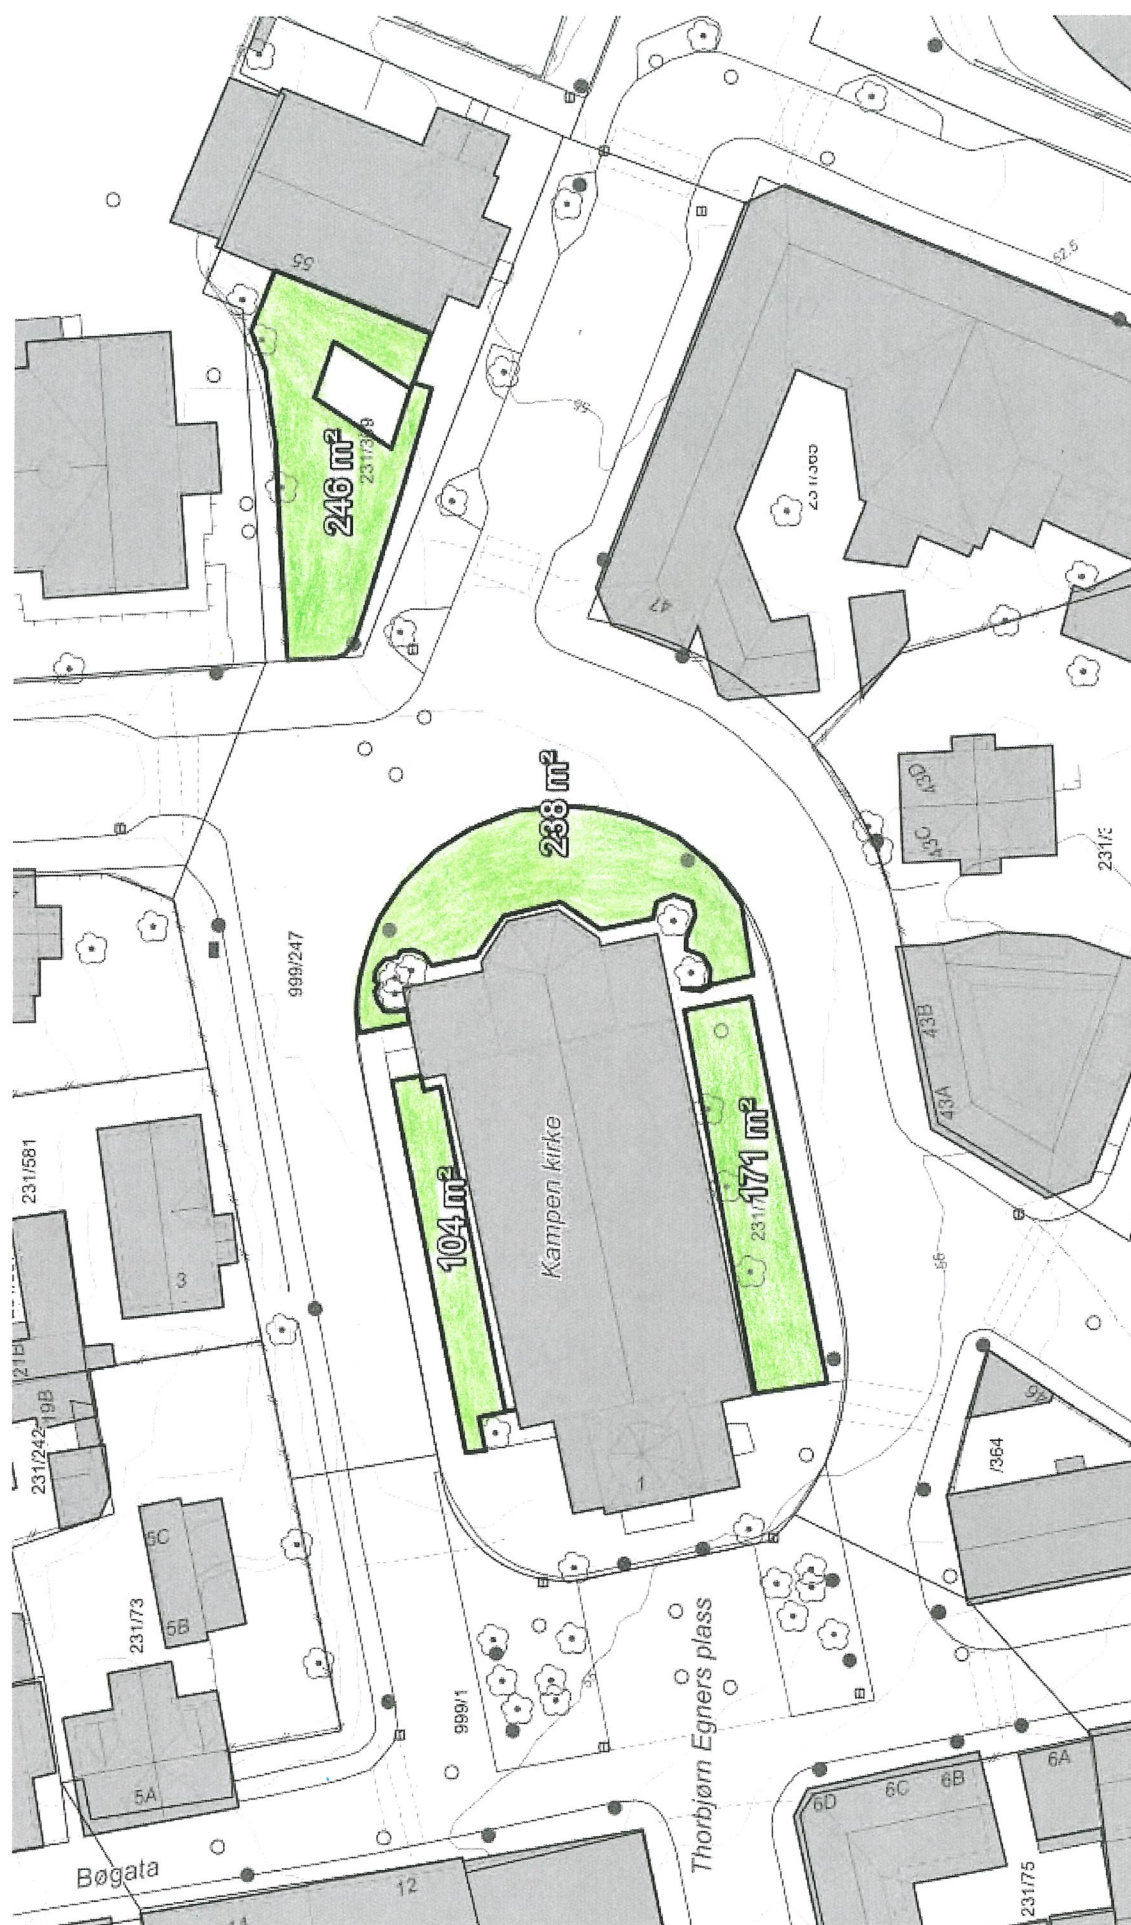

A topographic map of the Holmlia kirke area. The map shows contour lines with elevations of 25, 28, and 30. A large grey-shaded building, labeled 'Holmlia kirke', is located in the lower center. Two green-shaded plots are highlighted: one to the left of the church labeled '176 m²' and one to the right labeled '242 m²'. A road or path runs vertically through the center, marked with several black dots. A small stream or ditch is visible on the left side. The map also includes various symbols like a star and a circle, and a scale bar at the bottom left.

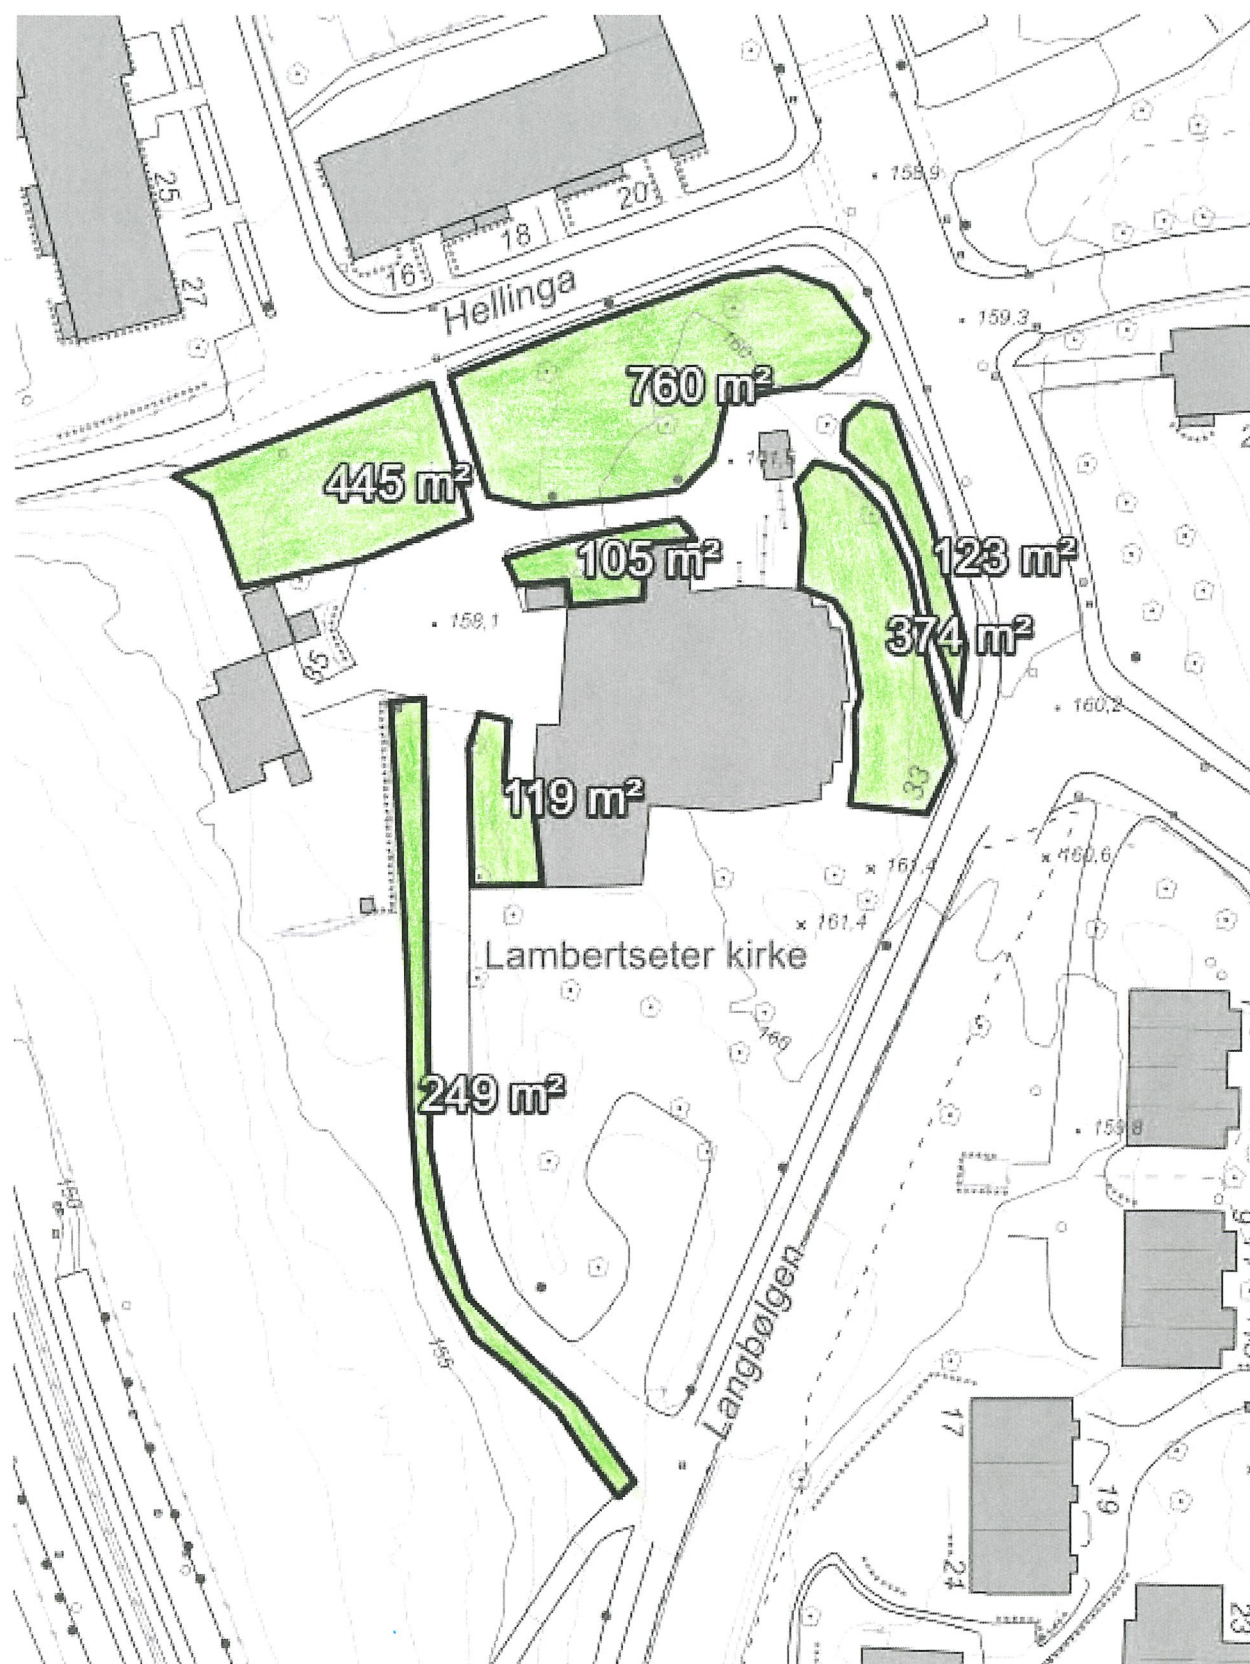

Iladalen kirke, Søren Jaabæks gate 5, Gbnr. 219/208, plenklippeareal ca 360 m².

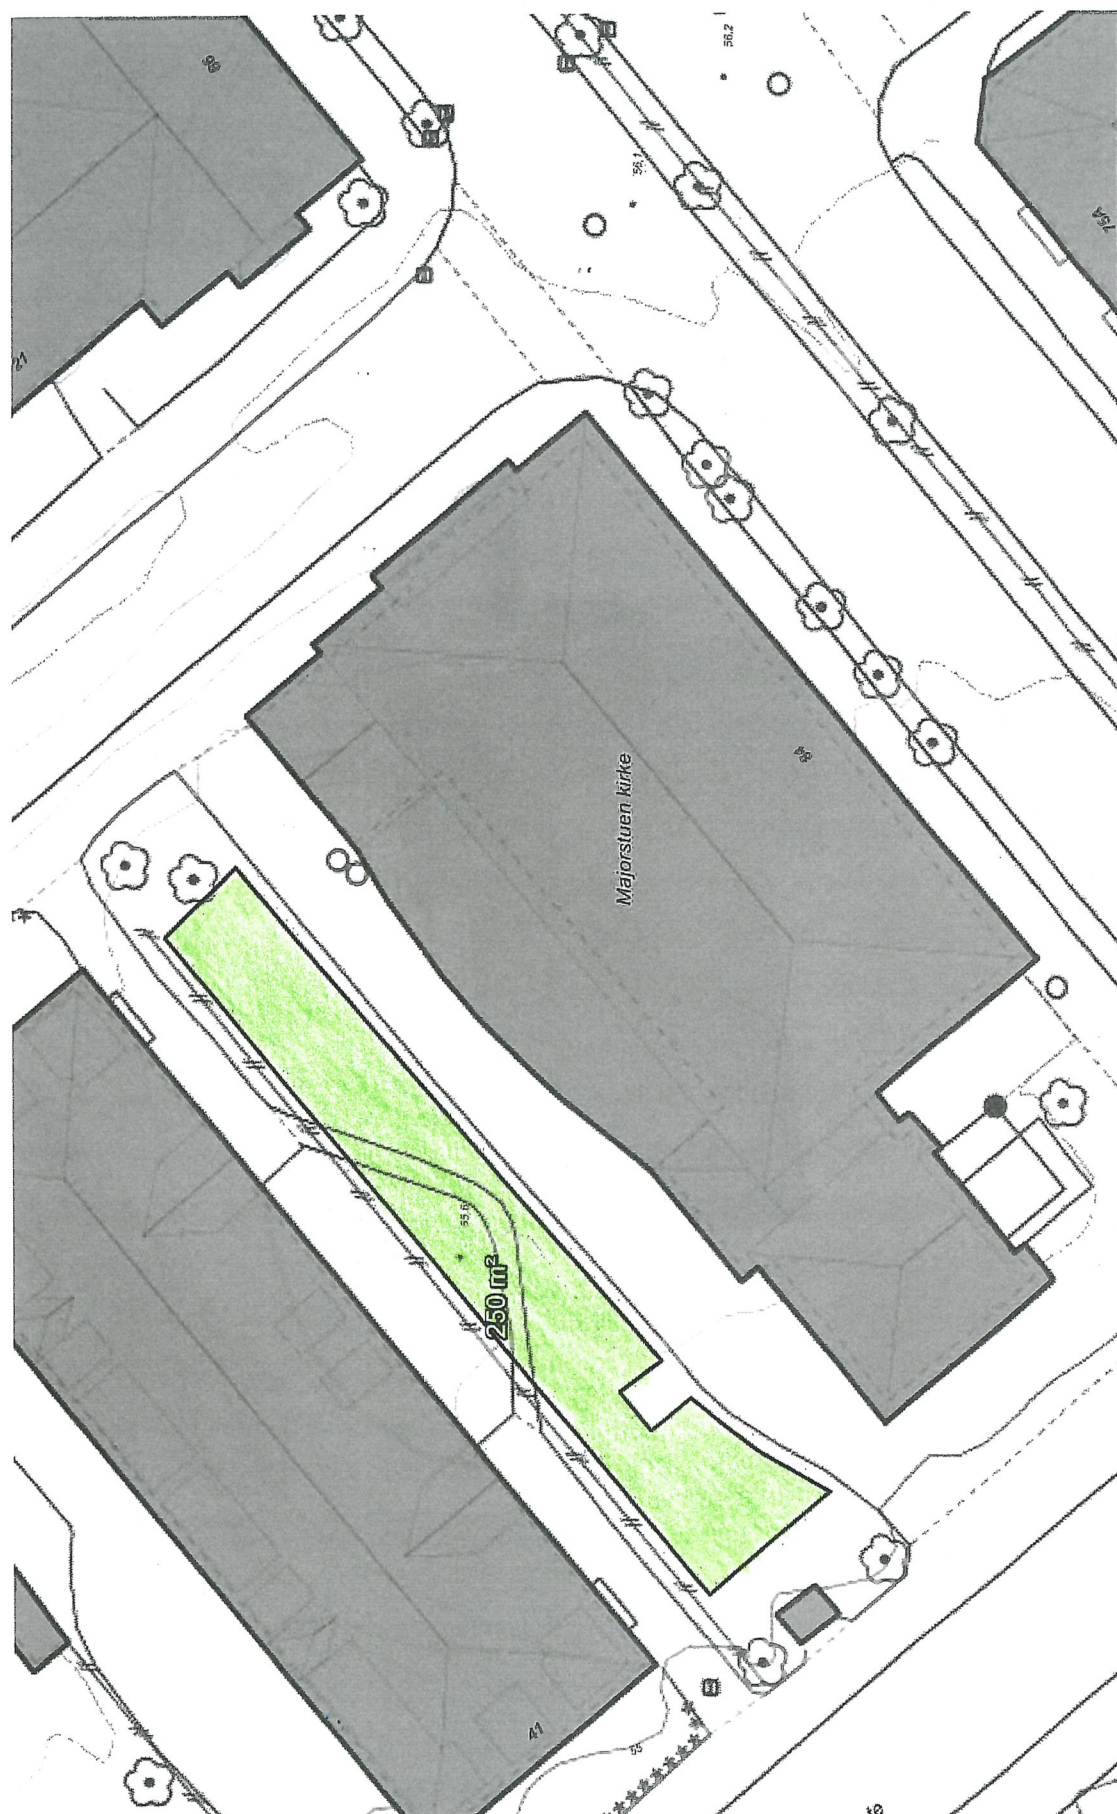

Kampen kirke, Bøgata 1, Gbnr. 231/70, plenklippeareal ca 513 m² +
