Appendix 6:
Total price and pricing provisions

All prices and the detailed terms governing the consideration to be paid by the Customer for the services provided by the Supplier must be set out here in Appendix 6.

Clause 3.4 of the Agreement Documentation and training

Prices for documentation and training shall be included in **Appendix 6 Attachment 1 - Price Form.**

Clause 4.1 of the Agreement Consideration

All prices are stated in **Appendix 6 Attachment 1 - Price Form**. The prices provided by the Supplier shall include all cost in connection with fulfilment of the Agreement.

The Supplier shall at all times offer the Customer competitive prices, taking into account market price developments and prices offered to comparable customers. This includes ensuring that the Customer receives the best available terms in connection with promotional campaigns.

Throughout the Agreement Period, the Supplier shall keep the Customer informed of developments in hardware technology and new opportunities for applying such technology.

Clause 4.2 of the Agreement Invoicing dates and payment terms

Terms of billing:

EHF and organization number: 985198292

About the supplier	• Supplier's name (incl. Company registration number) • IBAN • Invoice number • Invoice date • Payment due date • Delivery location and delivery date
Specification of performance/product	• Article number • Article name • Unit description • Unit price, quantity and amount per line item • Time and place for performance

The supplier is required to use electronic invoicing in an approved standard format in accordance with the regulations dated 2 April 2019 concerning electronic invoicing in public procurements.

If the Supplier is unable to fulfil the requirements concerning the use of electronic invoices, the Customer may withhold payment until an electronic invoice in an approved standard format is submitted. The Customer shall notify the Supplier of this without undue delay. If such a notification has been issued, the payment deadline shall run from the date on which the electronic invoice is submitted in an approved standard format.

If the information contained in the invoice or invoice specification includes information that is subject to statutory confidentiality and there will be a risk of disclosure of such information, the electronic invoice requirements may be waived, unless there are satisfactory technical security solutions that can ensure that confidentiality is maintained.

Payment Plan for the establishment phase:

Milestone 1 (milestone 0 in **Appendix 3**):
Upon signing the contract.

- Amount: 10% of the total cost for the establishment phase.

Milestone 2 (milestone 7 in **Appendix 3**):
Upon completion of training.

- Amount: 10% the total cost for the establishment phase

Milestone 3 (milestone 8 in schedule in **Appendix 3**):
Delivery date (clause 3.3).

- Amount: 80 % of the total cost for the establishment phase.

Invoicing in the Operational phase
The Customer shall receive a yearly invoice for the service. The invoice shall:

- Contain all relevant cost elements for a complete service, as described in the agreement (including appendices and attachments), in accordance with the total yearly cost for the Operational phase in appendix 6 attachment 1 -Price Form.

Invoicing of hardware
The Customer shall receive an invoice for purchased hardware after the hardware is delivered and installed at the Customer site.

Clause 4.5 of the Agreement Price adjustments

Notification of price adjustments according to the agreement clause 4.5 must be given in writing at least 30 days in advance.

The prices in the Contract may be adjusted once per year.

The first price adjustment according to clause 4.5 will be 01.11.2028.

Price adjustments shall be effectuated after the change is approved by the Customer.

The cost for the establishment phase is a fixed price and is not to be adjusted.
